Subject ACQUISITION OF PORTION OF PRLMISES NO 1 F, SYDNEY PARK ROAD, CIVIL STATION, BANGALORE, FOR LINKING UP THE NEW ROAD IN THE LAYOUT OF LAVELLE ROAD WITH SYDNEY PARK ROAD

With reference to your letter No L 1090 dated the 19th April 1952 on the above subject, I write to state that a fresh notice under section 4 Land Acquisition Act was sent to the owner by registered post on 24-4-1952 and the same was served on him on 28-4-1952 as suggested In response, the party Sri C R Ranganathan, President, Forest Research Institute and Colleges, Dehra Dun has sent an objection ~~on~~ application by post on 10th May 1952 to the following effect

1 The acquisition of 2901 sq feet in a strip 30' or more wide would reduce seriously the frontage of the house as well as the total area of his compound, thereby impairing ~~impairing~~ the amenities of the house as well as its letting and sale value

2 The junction of Sydney Park Road and Lavelle Road proposed to be effected by taking the road through the compound would result in the new road becoming a noisy thoroughfare in a peaceful atmosphere (copy enclosed)

The above objections of the owner are untenable in my opinion

p t o

I request that sanction of Government may kindly be obtained for the said acquisition and to communicate the same early, in view of the urgency already explained in my letter No L1 Pr 36/50-51 dated 17-4-1952 in this behalf

The declaration statements in duplicate are herewith returned

The Honourable Minister,

Copy of application dated 10th May 1952 from Sri C R. Ranganathan, I F S , President, Forest Research Institute and Colleges, to the Commissioner and Land Acquisition Officer, Bangalore Corporation, Bangalore

Sub Acquisition of portion of premises No 1F, Sydney Park Road, Civil Station, Bangalore

Ref P R 36/50-51 dated 23-4-1952

With reference to the notice forwarded with your reference quoted above, requesting me to file my objections to the proposed acquisition of a portion of the grounds of No 1 F Sydney Park Road, I beg to submit the following -

1 The acquisition of 2901 sq ft in a strip 30' or more wide would reduce seriously the frontage of the house as well as the total area of my compound, thereby impairing the amenities of the house as well as its letting and sale value

2 The junction of Sydney Park Road and Lavalle road proposed to be effected by taking the road through my compound would result in the new road becoming a noisy thoroughfare and detract from the value of the house which is at present in a peaceful and sheltered position

It is hoped that these points will be duly taken note of in the proposed acquisition proceedings

Dated 7th July,1952

The Honourable Minister,
Local Self Government,
In Mysore,
Bangalore

Dear Sir,

Subject -Linking of Lavelle Road Cross to Sydney-Park Road

Ref - Plot No 4, Lavelle Road,Bangalore Cantt

This area comprising about two acres was divided into 11 sites to be sold to the public as per Municipal Sanction order No P332/47 of 16th August,1948

On the 20th day of July 1949, I purchased one of the sites, viz Plot No 4 situated in the South-West corner of the property The configuration of the property is such that this plot is the lowest level and the drains were so laid that all the water is led to this plot The drainage scheme is such that this drain is to be led through the premises of No 1-F, Sydney Road, belonging to Mr K R Ranganathan and then to be connected to the storm water drain onto Sydney Park Road It is to be regretted that though 4 years have elapsed since the sanction nothing has yet been done and the unfortunate result is that all the rain water from the entire property (and possibly also from Lavelle Road) flows through the drain and then since at my plot there is no outlet , flows on to my plot flooding it with as much as 2 ft of water during heavy rains

In this connection, I have made several representations to the Executive Engineer as also the Commissioner, Bangalore Corporation and they gave me to understand that the matter was pending with the government of Mysore, Local Self Government Department I have consulted my Architect and other engineers who tell me that, if this is allowed to continue, there is great risk to my building owing to the settlement of foundations caused by flooding of the sub-soil As a matter of fact, already certain settlement cracks have occured in the walls Having regard to this, I most earnestly pray that the Hon'ble Minister will kindly enquire into the matter and see that steps are taken to connect the existing drain to the drain on Sydney Park Road, for which act I shall ever be grateful.

I have enclosed Photographs which will give you a vivid idea of the situation after a shower of rain in Bangalore as also the plan showing the whole site and the plan of the Municipal lay out No P332/47

Thanking you

Yours faithfully
